CATERING MENU

Please place your catering order at www.fegesbbq.com in the "Private Events & Catering" tab. Choose your location and fill out the form provided. Notate your service choice - Delivery, Pickup, or Full Service Catering.

Please consider preparation time and availability when putting in your request. Catering orders should be placed online at least 48-72 hours in advance of service time for a delivery or pickup and 2 weeks for full service. Once we receive your completed form, our team will reach out to answer any questions and confirm your order. You'll receive an invoice that can be paid online. Payment must be received 24 hours before your scheduled pickup or delivery. If payment is not received by the deadline and alternative payment arrangements have not been discussed your order will be canceled. Orders over \$1000 may require a deposit in advance, contract agreement, and/or adjusted payment schedule.

There is a 5lbs minimum of smoked meats for an order to be considered a catering order. Orders below the 5lbs minimum should be placed in the "Online Order & Nationwide Shipping" tab on our website. Delivery orders are subject to availability and a \$500 minimum. A delivery fee will be added to all deliveries. Please confirm the delivery address for pricing.

All catering orders include sauces, condiments, pickles and bread proportionate to the size of the order. Plates, utensils, napkins, and serving utensils provided upon request.

We can also provide full-service catering (includes set up and service) for offsite events. Staffing, rental and other fees may apply. To inquire about private event/space rental at our Spring Branch location contact springbranch@fegesbbq.com.
